

Jaime Peralta

Dr. Jaime Peralta received his B.Sc. degree in electrical engineering from the University of Chile, and his M.Sc. and Ph.D. degrees from the École Polytechnique de Montréal, Canada. He also completed an MBA program from ESADE Business School in Barcelona, Spain. Jaime joined the Chilean utility Chilquinta in 1994 where he held different positions in the operation, engineering and planning groups. From 2006 to 2012, he worked for large Canadian companies, including CYME International, BC Hydro, and Siemens Canada. In 2013, he joined the company Alstom Grid based in Philadelphia where he led the Power Systems and Engineering group in charge of FACTS and HVDC projects in North America. Jaime is currently Vice President of the Board of Directors at Coordinador Eléctrico Nacional, the Chilean's Independent System Operator. His areas of expertise are power systems operation and planning, energy markets, and integration of renewable generation.
