

## Keith Collins

Keith Collins is the Vice President of the independent Market Monitoring Unit at the Southwest Power Pool. His role is to direct the department in addressing market power, reviewing market performance, identifying and referring behavioral issues, and assisting in the improvement of market design.

Prior to joining the Southwest Power Pool in 2017, Mr. Collins was the Manager of the Monitoring and Reporting group within California ISO's Department of Market Monitoring, worked for the Office of Enforcement at the Federal Energy Regulatory Commission, and began his career consulting for the New York Power Pool during its transition to the New York ISO. Mr. Collins has a Bachelor's degree in Economics and Government from Bowdoin College and a Master of Public Policy degree from George Mason University. He also has an Advanced Management Program certificate from MIT's Sloan School of Management.
