

Todd Bessemer. Managing Director of Market Reform

Todd Bessemer is the Managing Director of Market Reform, which he founded in 2004.

Mr. Bessemer is a global expert on energy market restructuring and reform. He has spent over 25 years as an advisor to energy market operators, participants, and policy-makers – in over fifteen countries, spanning four continents – and has experience planning and leading strategic major market establishment and transformation initiatives.

Mr. Bessemer holds degrees in Science (Physics) and Engineering (Electrical & Electronic) from the University of Melbourne. He is a Fellow of the Institution of Engineers (Australia) and Senior Member of IEEE. He is based out of Market Reform's offices in Philadelphia, USA and Melbourne, Australia.
